

PARTNER ABUSE INTERVENTION PROGRAMS

The Department of Human Services funds and/or monitors Partner Abuse Intervention Programs across the state. These programs provide domestic violence perpetrator services such as assessment, individual and group education, and case coordination with referral sources. These services help perpetrators accept responsibility, modify abusive attitudes and beliefs, and give them tools to become and remain, healthy non-abusive partners and parents. All protocol approved programs must adhere to the standards established in Administrative Rule 89, Section 501. The following is a statewide list of programs that comply with the Illinois Protocol for Partner Abuse Intervention Programs. Inquiries about protocol compliance may be directed to
Teresa Tudor at 217-558-6192.

Listing below reflects locations where assessments and groups are conducted to assist in program selection. The contact information listed may refer back to the main agency; however, the services are being offered in the city/community posted. All programs offer services in English. Additional languages offered are specifically listed next to the appropriate locations.
